Rudolf Steiner, *Strengthening the Will, The Review Exercises* \$20.85

The review exercises bring our experiences of the day to full awareness. Directing our attention to what happened, in reverse sequence and from the perspective of 'the other' requires a huge effort and brings light into our will. A collection of Rudolf Steiner's statements on the subject.

Rudolf Steiner, *Six Steps in Self-Development, The Six Exercises* \$20.85

The practice of control of thought, initiative of will, equanimity, positivity, open-mindedness and equilibrium of soul, when carried out regularly, can bring inner certainty and security to the soul and thus be of inestimable help in daily life. A collection of Steiner's statements on the subject.

Rudolf Steiner, *Self-Consciousness, GA 79* \$38.40

Back in print after many years. A practical introduction into Anthroposophy that gives answers to questions on the nature of spiritual science and on problems of our time.

Dennis Klocek, *Climate, Soul of the Earth* \$38.40

At the center of this book is the idea that the climate crisis is a crisis shared by humanity and the earth as part of our mutual evolution to higher states of consciousness. Climate is the interface that displays the results of our efforts to attain higher consciousness for all the cosmos to see.

David Ovason, *Shakespeare's Secret Book* \$31.85

Shakespeare made use of a secret code that figures widely in esoteric Elizabethan and Jacobean esoteric literature. Ovason shows how this code was used by people like Nostradamus, John Dee, Ben Jonson and many others.

Itzhak Bar Yona, *Where Do Ideas Come From?* \$27.45

This book probes the deep mystery of the human creative drive. A professional inventor with over 30 patents to his name discovers the connections between his work in science and technology with his increasing awareness of a path of inner development.

Kwan-Yuk Claire Sit, *Lao Tzu and Anthroposophy* \$27.45

The author examines each chapter of the *Tao Te Ching* and, comparing them with anthroposophy, discovers that the two complement each other, share many qualities and in many ways illuminate the hidden truths each has to offer.

Alfred Baur, *Healing Sounds* library only

A valuable resource book for therapists and teachers, and for anyone who wants to understand the inherent forces of the sounds we use in speech.

Hans Hasler, *The Goetheanum, A Guided Tour of Building and History* \$27.45

A wonderful book with splendid pictures of the Features of the Goetheanum and everything that happens inside it.

Judith von Halle & John Wilkes, *The Representative of Humanity* \$27.45

We follow the evolution of the statue through the photographic documentation of many models showing the continual spiritual movement evident in the whole series of models and the metamorphic processes which developed over an eight-year period.

Open Wednesday and Saturday. Phone orders welcome. No charge for shipping.
